**WHO** Piloted by the private sector, through a board and steering committee of French & local stakeholders:
STARTUP INCUBATOR
A collaborative program designed to help new startups succeed. Incubators help entrepreneurs solve some of the problems commonly associated with running a startup by providing workspace, seed funding, mentoring, and training. The sole purpose of a startup incubator is to help entrepreneurs grow their business.

@iBizAfrica | Business Incubator which carries out the Entrepreneurship and Incubation theme of @iLabAfrica. @iBizAfrica seeks to provide a nurturing environment that builds on the potential of the youth to develop ICT solutions and businesses that work for the common good in society. http://www.ibizafrica.co.ke/index.php/about/

C4DLab | University of Nairobi’s Innovation and Incubation Hub. C4DLab is an R&D and startup incubation lab, based at the School of Computing and Informatics, University of Nairobi. The lab aims at contributing to building the Silicon Savannah, by leveraging on the University community and alumni. http://www.c4dlab.ac.ke/

Chandaria-BIIC | Kenyatta University’s Innovation and Incubation Centre. The Chandaria-BIIC was launched to support new and innovative ideas from students. The program aims to realize the goal of training job creators rather than job seekers in an effort to reduce poverty. http://www.ku.ac.ke/chanaria-biic/

GrowthAfrica | Impact startup accelerator and business and market consulting company. Growing ambitious and scalable African startups and SMEs into successful enterprises through business acceleration, strategic advice and access to investments (VCs, business angels, etc.). http://growthafrica.com/

Nailab | Business Incubator. Entrepreneurship program focusing on growing innovative technology driven ideas. Nailab aims at helping building world class startups that can compete on a global scale, by create an enabling environment that inspires and stimulates innovation as well as entrepreneurship. http://nailab.co.ke/

@m:lab East Africa | Regional center for mobile entrepreneurship. Services include business incubation, developer training, application testing. M:lab is a consortium of four organizations aiming to be a leader in identifying, nurturing and helping to build sustainable enterprises in the knowledge economy. http://mlab.co.ke/

- eMobilis: Education, training, accreditation and certification.
- World Wide Web Foundation : curriculum and content, training and Education
- The University of Nairobi School of Computing and Informatics for rigorous academic research
- The incubator iHub for community interaction, development space, events and access to capital and markets.
*iHub | An incubator, an open space for the technologists, investors, tech companies and hacker. Founded in 2010 by the creator of Ushaidi, *iHub has become the main catalyst for regional tech acceleration. [https://ihub.co.ke/](https://ihub.co.ke/)

**FABLAB**
A network aimed at connecting people, communities and businesses and enabling them to collaborate, problem solve and brainstorm ideas. A fab lab is generally equipped with an array of flexible computer-controlled tools that cover several different length scales and various materials, with the aim to make "almost anything".

**Lake Hub |** An open community, in Kisumu, created to support individuals and businesses with an interest in technology. The community bring together entrepreneurs, programmers, and creatives, connecting them to partners, resources and mentors. [http://www.lakehub.co.ke/](http://www.lakehub.co.ke/)

**Seven Seas Technologies Innovation Lab |** SSTakeoff is geared towards empowering existing startups, looking to leverage SST’s tech knowhow, expertise and experience in business strategy. It will provide access to its diverse network of clients, suppliers, industry contacts and more. [http://www.sstgroup.com/innovation-labs](http://www.sstgroup.com/innovation-labs)

**Gearbox |** Open space for design and prototyping. Gearbox sees itself as leading Kenya’s charge into the 4th Industrial Revolution. Gearbox Lite is a prototyping facility specialized in the fabrication of printed circuit boards for electronics. [http://www.gearbox.co.ke/](http://www.gearbox.co.ke/)

**Nairobi Garage |** Co working space. Young and fast-growing businesses don’t have excess time and resources to spend on office logistics. Yet having a functional, well-designed and vibrant work space is crucial to building legitimacy with customers, growing a strong team and developing business networks. Nairobi Garage helps accelerate these processes. [https://nairobigarage.com/](https://nairobigarage.com/)

**The Foundry Africa |** The Foundry is a network of premiere office space and coworking community. It focuses on startups, small businesses and freelancers thanks to a supportive community of innovators, reliable services and flexible membership. They believe that collaboration, density and juxtapositions of carefully chosen companies can result in a whole that is exponentially larger, more disruptive, and more influential than the sum of its parts. [www.thefoundry.biz](http://www.thefoundry.biz)
VCs, ANGELS, PRIVATE EQUITY GROUPS & FACILITATORS

Acumen Fund | Seed capital from the Rockefeller Foundation, Cisco Systems Foundation and three individual philanthropists. Non-profit global venture fund which uses entrepreneurial approaches to solve the problems of poverty. 
http://acumen.org/about/contact/

African Development Foundation | Independent United States Government Agency that provides grants of up to $250,000 to community groups and small enterprises that benefit under-served and marginalized groups in Sub-Saharan Africa. 
http://www.usadf.gov/

African Enterprise Challenge Fund | A $250m challenge fund that awards grants and repayable grants to private sector companies that wish to implement innovative, commercially viable, high-impact projects in agribusiness and renewable energy in Africa. 
http://www.aecfafrica.org/

The mandate of the Ministry comprises the formulation of policies and laws that regulate standards and services in the ICT sector, telecommunications and the media industry. It is responsible of developing, reviewing and administering ICT standards, building capacity of mass media and ICT, and the dissemination of public information through KBC.
www.ict.go.ke
“Just like the Nairobi skyline, the East African tech sector is under construction. The foundation has been laid, and although there are still challenges that need to be addressed, all the key components necessary for a robust and vibrant ecosystem are in place. With mobile and smartphone penetration continuing to grow, driving increased online access and spending, the next couple of years will be game changing for technology in Africa.”
